

Power Consumption Over Time

Server power consumption
Solar power generation

Total energy consumed: 4146398 Watts
Total brown energy used: 2833856.97 Watts
Total solar energy used: 1312541.03 Watts
Percent of green energy in total power consumption: 31.65% Watts
Percent of brown energy in total power consumption: 68.35% Watts
Total solar energy provided: 2473149.36 Watts
Solar Utilization Rate(Solar_Use/Solar_provided): 53.07%
Total absolute difference (|blue line - yellow line|): 3994465.29 Watts
